Dear Investor

Brexit update: EU and non-UK investors in Threadneedle OEIC¹ funds

We are writing to you as a shareholder in our UK-based OEIC fund range, to provide an update on our Brexit preparations and the continuity of investment management services following the UK's departure from the European Union.

When the UK leaves the EU, we expect that OEIC funds will lose their UCITS² status. As far as we are aware there is currently nothing prohibiting EU and non-UK investors from remaining in an OEIC fund. Further, it is likely that OEIC funds will continue to be UCITS-compliant through any transition period, giving you additional time to consider your options.

You should be aware that, should the UK leave the EU without an agreement in place, there may be no transition period. Non-UK based investors concerned about the impact of this should consult their financial adviser. Should you decide to transfer to an alternative EU-based SICAV³ fund we will be happy to facilitate this.

While uncertainty remains regarding the UK's departure from the EU, Columbia Threadneedle Investments has a comprehensive contingency planning programme in place to prepare for any potential impacts. We are actively engaging with our regulators, industry association and other relevant bodies to ensure we are abreast of the latest intelligence as well as any relevant industry views and plans.

If you are unsure about the contents of this letter, please contact your financial adviser. If you are unclear about the impact of Brexit on the status of your investment, or have further questions, please call us on +352 46 40 10 7020 (calls may be recorded). Our team is available from 9.00am to 6.00pm (CET), Monday to Friday.

Yours sincerely,

Gary Collins
